

Sustainable Tourism – Student Version

🎯*Objective: **To review and build on your understanding of sustainable tourism and connect it to real-world examples.**

Step 1 – THINK (2–3 minutes)

Read this definition:

‘Sustainable tourism means meeting the needs of tourists and local people while protecting the environment for the future.’

Write down three key words that remind you of what sustainable tourism means:

1. _____
2. _____
3. _____

Step 2 – PAIR (3 minutes)

Discuss these questions with your partner:

- 1. What makes tourism sustainable or not sustainable?**
- 2. Can you think of an example of a place that promotes sustainable tourism?**

🗒 Sentence starters to help you:

- Tourism is sustainable when _____.
- An example of sustainable tourism is _____ because _____.

Step 3 – SHARE (4 minutes)

Share your ideas with the class. Try to use linking words in your sentences: because, so, therefore, as a result.

Extension (Optional)

Look at the examples below. Decide if each one is ****sustainable**** or ****not sustainable**** and explain why.

1. Building big resorts on beaches – _____
Because: _____
2. Using local guides and homestays – _____
Because: _____
3. Littering in national parks – _____
Because: _____
