Who Am I ?

Y9 Year plan - 2026-27

Includes the topics to be taught

Assessment overview

- Multiple choice questions
- Short-answer and structured questions
- Questions on experimental skills

I will inform you at least **two weeks in advance** if there are any upcoming assessments.

Before the lesson

1. Line up along the wall – quietly and sensibly.
2. I will greet you at the door – do not enter the lab if I am not in it.
3. Get learning equipment on desk, write title, date and put your bag on the floor where it will not trip anyone up.

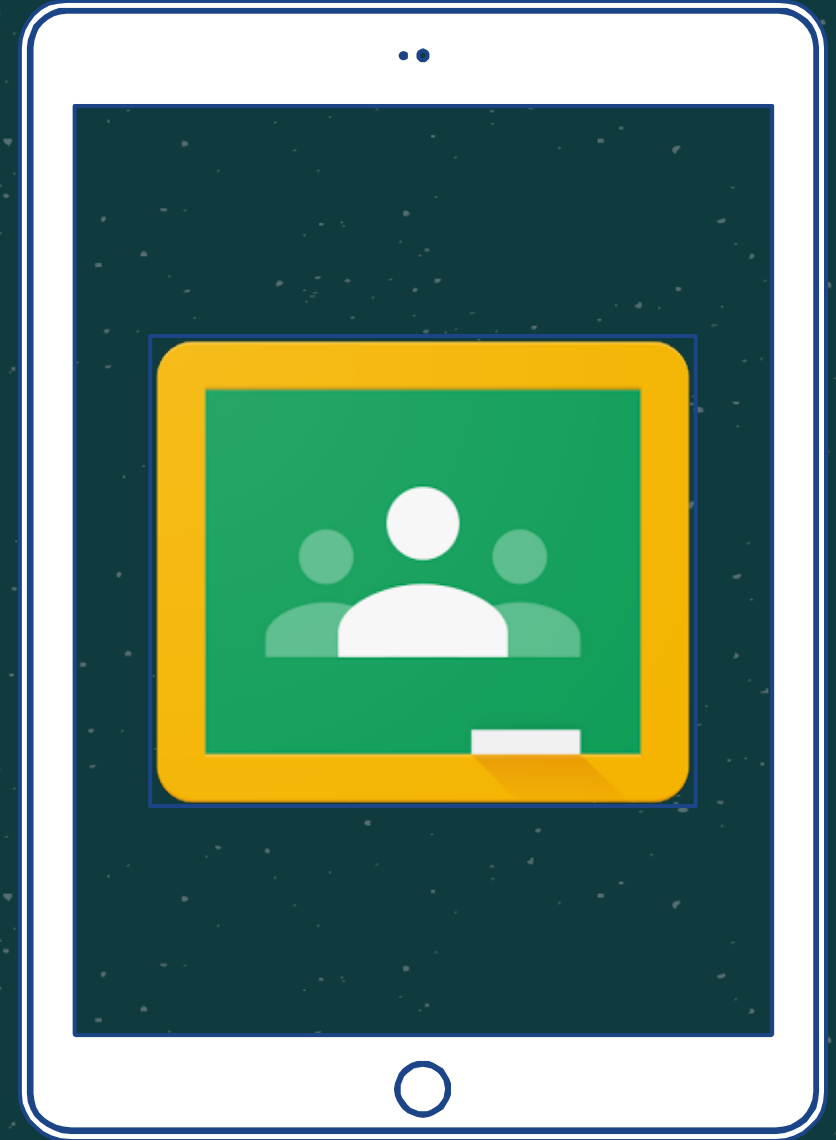

Expectations in the Lab

1. No eating in the lab
2. One voice
3. Use of devices only when required by the teacher
4. Awareness of what is happening around you,
particularly in practical work

Expectations in Science

- Be on time for lessons and line up outside the classroom
- Complete all work both in class and homework - let me know if you cannot complete something on time
- Ask any questions in comments section of GC or email me
- If I want to ask a question, I will use the lollipop sticks.
- If you want to **ASK** a question, you may raise your hand.
- If someone is asking or answering a question, then everyone else should be listening.
- Be kind and respectful of everyone in the classroom
- Sensible scientists! - especially in practical lessons
- Support each other - we are a team!

This is Me.

In at least one paragraph, show me who you are through your words.

- What is something special or unique about you?
- What are your favourite hobbies or things to do?
- What usually makes you happy?
- Do you have any brothers, sisters, or pets?
- What's one thing you'd like me to know about you?
- How are you feeling about being in this class?
- Choose **3 words** that best describe you!
