Overall Winner Formula: Cumulative points earned across *Team 1* and *Team 2* in all rounds are added together.

🕒 Game Length & Pace Control

- **Fast Match Duration:** Each match runs for 4 to 5 minutes non-stop (continuous running clock).
- **Instant Victory / Wipeout:** If a team eliminates all opposing players before time expires, the match starts again and can earn more **points**.
- **Time-Cap Winner:** If time expires while players remain on both sides, the team with **more surviving players wins (2 Pts)**.
- **Tie Game:** Equal number of players on both sides when horn sounds = Draw (1 Pt each).
- **Rapid Transitions:** Exactly 2 minutes buffer between rounds to clear courts and rotate teams.

Gameplay Rules & Regulations

Starting the Game

- Players line up at the **back of the court** before starting.
- Balls are placed along the neutral centreline.
- A **5-second countdown** begins once players retrieve balls.

Gameplay Mechanics

- Direct hits eliminate opponents.
- Attempting to catch and **dropping the ball** counts as an out.
- Players must remain strictly within boundaries.

Fouls & Penalties

- **Headshots** are strictly prohibited.
- Arguing with referees results in warning or ejection.
- Players must show respect, honesty, and fairness.

Prison & Release System

- Players go to the opponent's **prison area** (bench) when hit or when their throw is caught.
- A prisoner can **return to gameplay** if they catch a ball thrown by their teammate while on the bench.

Winning Conditions

- **Wipeout:** Successfully eliminating all players on the opposing team.
- **Time-Limit Victory:** Holding the higher count of active, remaining court players when match time expires.

The background is a dark blue field filled with falling confetti in gold, red, and teal. On the left and right sides, there are vertical borders and corner decorations featuring intricate, colorful floral and geometric patterns in red, teal, and gold. A bright, glowing light source in the bottom right corner creates a lens flare effect across the scene.

**"Players must show respect, honesty,
and fairness at all times. Honesty in
self-calling hits builds true House spirit."**

Unsportsmanlike conduct, arguing with referees, or dangerous throwing will result in warnings, yellow cards, or instant removal from the tournament.

Valid Throws

Throwing Rules

- **Direct Hits:** A throw must hit an opponent directly (without bouncing off floor or wall first) to be valid.
- **Defensive Blocks:** Players may block thrown balls using a held ball, but dropping the held ball counts as an out.
- **Live Ball Status:** A thrown ball remains live until it touches the floor, ceiling, referee, or wall.

Imprisoning Opponents

👤× When Are You Out?

A player is eliminated and must go to the opponent's 'prison' immediately if:

1. They are hit by an opponent's live throw.
2. They attempt to catch a ball but drop it.
3. Their thrown ball is caught on the fly by an opponent.

Rejoining from the 'Prison'

1. Stand on Bench

Players in 'prison' must remain standing safely on the bench behind the opponent's court.

2. Catch Teammate Pass

A teammate on the active court can throw a ball over to their imprisoned teammates on the bench.

3. Return to Play

If a bench player catches the pass cleanly, they immediately re-enter their team's court section!

Roles

Heads of Year

Master Timekeeper & Announcer: Blow central horn to start/stop all 3 courts simultaneously.

Form Tutors

Rotation Managers: Ensure House sub-teams (Team 1 & Team 2) are ready to play on court for quick transitions.

Scorekeepers: Maintain the master score spreadsheet and update cumulative points.

Student Referees

2 Referees Per Court (6 Total):

- Monitor centerline step-overs.
- Call direct hits, catches (re-entry), and headshots (invalid).
- Confirm player survivor count when horn sounds.
