Week 3

Fanfare Intro

STARTER – Make Your Choice

1. Write on your whiteboard the **instrument** that you would like to use this year. Remember: it needs to be an instrument you will be motivated to play and practice and which you have access to.
2. Look at the parts in the folders. Choose which part would fit you best: Melody, Counter Melody, Harmony or Bassline. There are Lite versions of Melody and Bassline if you are not so confident. We need to cover all parts so I may assign you.
