

How does training our ears  and understanding music theory   make learning new instruments   and pieces easier?

Welcome to Music

How does training our ears  and understanding music theory  make learning new instruments   and pieces easier?

Lesson Objective

Meeting:

Say the difference between music theory (written rules) and ear training (listening).

Try your best on today's starting quiz, even if it is hard.

Understand that everyone starts at a different level, and this quiz just shows where you are today.

Exceeding:

Explain why we check our listening and theory before we play new instruments / music.

Notice which music questions are easy for you, and which ones are completely new.

Say how one question from today will help you play a song later this year.

Mastering:

Explain how listening and theory make learning any new instrument / music much faster.

Hear a pattern in the listening test and connect it to a song you already know.

Choose one clear music goal for this year based on how you did today.

How does training our ears 🦻 and understanding music theory 🎵🎶 make learning new instruments 🎷🎺 and pieces easier?

Today's Plan 📅

Join Google Classroom

(5 mins)

Recognising notes

(Google form quiz - 10 mins)

Listening 🦻 to Pitch

(Google form quiz - 7 mins)

Listening 🦻 to Tune

(Google form quiz - 6 mins)

Listening 🦻 to Chords 2/3/4 🎵's?

(Google form quiz - 7 mins)

Listening 🦻 to Rhythm 🥁

(Google form quiz - 6 mins)

- Quiz Etiquette

Respect 🤔 🧐 🦻

Courage 💪 🦁 🧘

Expectations and Term Assessment

How does training our ears 🦻 and understanding music theory 🎵🎵 make learning new instruments 🎷🎺 and pieces easier?

Baseline Assessments

Log on to Google Classroom  and join classroom using code provided

There will be **1** 🎵🎵 Theory Quiz 🎵🎵

There will be **4** 🦻 Listening Quizzes 🦻

- Pitch
- Tune
- Chords
- Rhythms 🥁

How does training our ears 🦻 and understanding music theory 🎵 make learning new instruments 🎷 and pieces easier?

Theory Quiz

How does training our ears 🦻 and understanding music theory 🎵 make learning new instruments 🎷 🎺 and pieces easier?

Bentley Test

Log on to Google Classroom and join classroom

There will be 4 quizzes that we will be doing:

- Pitch
- Tune
- Chords
- Rhythms

How does training our ears 🦻 and understanding music theory 🎵 make learning new instruments 🎷 and pieces easier?

Test 1 Pitch

How does training our ears 🦻 and understanding music theory 🎵 make learning new instruments 🎷 and pieces easier?

Test 2 Tune

How does training our ears 🦻 and understanding music theory 🎵 make learning new instruments 🎷 🎺 and pieces easier?

Test 3 Chords

How does training our ears 🦻 and understanding music theory 🎵 make learning new instruments 🎷 🎺 and pieces easier?

Test 4 Rhythms

How does training our ears  and understanding music theory   make learning new instruments   and pieces easier?

Expectations and Assessments

How does training our ears 🦻 and understanding music theory 🎵🎶 make learning new instruments 🎷🎺 and pieces easier?

Year 8 / 9 Term 1 Assessments and Homework

Summative Assessment (The Final Product) 🎬

- Full Class Ensemble Recording 🎤 & Targeted Part-Testing 🎯.
- Assessing your Fluency, Technique, and Style (AO2).
- Graded using our 5 Studio Tiers: From *The Scratch Take* 🔄 to *The Master Track* ✨.

How does training our ears 🦻 and understanding music theory 🎵🎶 make learning new instruments 🎷🎺 and pieces easier?

Year 8 / 9 Term 1 Assessments and Homework 📅

Homework: The "Studio Tapes" 🎧

- Bi-weekly practice recordings submitted via Google Classroom.
 - **Stage 1: Work Tape** 🧱 (Focus: Finding the notes).
 - **Stage 2: Scratch Track** 🕒 (Focus: Playing in time).
 - **Stage 3: Final Demo** 🎤 (Focus: Expressive and stage-ready).
- Feedback rotates through a 3-part cycle: Teacher 🧑🏫, Peer 👤, and Self 🧠.

How does training our ears 🦻 and understanding music theory 🎵 make learning new instruments 🎷 and pieces easier?

Year 8 / 9 Term 1 Assessments and Homework 📅

Daily Formative Routines (The Process) ⚙️

- First 5 Minutes: "Theory Gym" 🧠 (Active notation reading - AO1).
- The "Producer's Panel" 📋 (Giving professional peer feedback during live lesson "Spotlights").

How does training our ears 🦻 and understanding music theory 🎵 make learning new instruments 🎷 and pieces easier?

Year 8 / 9 Term 1 Assessments and Homework

- Homework:
 - The Practice Checkpoints (Bi-weekly)
 - Video recordings 🎥 of your individual practice completed at home 🏠 or in a school 🏫 practice room.
 - Feedback rotates 🔄 through a 3-part cycle: Teacher 🧑🏫, Peer 👤, and Self 🙌-Assessment.
 - Focuses on gradual progress: finding the notes, keeping the time, and building the flow.

How does training our ears  and understanding music theory  make learning new instruments   and pieces easier?

Year 8 / 9 Term 1 Assessments and Homework

- Summative Assessment:
 - The Live Ensemble
 - The primary goal is collaborative ensemble performance.
 - Evaluated via "Targeted Part-Testing" during the lesson's "Spotlight" phase.
 - Graded using our 5-Tier A-E Matrix (from Starting Out to Concert Ready).

 - The "Producer's Panel"  (Giving professional peer feedback during live lesson "Spotlights").

How does training our ears 🦻 and understanding music theory 🎵🎶 make learning new instruments 🎷🎺 and pieces easier?

Term 1 Assessments and Homework

Focus: Technical control, rhythmic coordination, and stylistic expression.		
Studio Tier	Descriptor	Performance Checklist
Grade A: The Master Track 🌟	Highly	🎵 Notes & Rhythm: Plays every note and rhythm perfectly. Does not stop or slow down. 🥁 The Beat: Maintains a rock-solid internal pulse, even during complex or syncopated passages. 🎸 Style: Produces a clear, resonant, and professional tone. Uses dynamics and articulation perfectly to fit the style.
Grade B: The Radio Edit 📻	Mostly	🎵 Notes & Rhythm: Plays with only one or two tiny slips. Recovers immediately without stopping the ensemble. 🥁 The Beat: Keeps a steady beat. Stays in time with the backing track or conductor. 🎸 Style: Produces a secure, controlled tone. Accurately applies specified dynamic shifts and articulations.
Grade C: The Solid Demo 🎬	Generally	🎵 Notes & Rhythm: Plays most notes and rhythms correctly. Makes some mistakes, but keeps the music together. 🥁 The Beat: Maintains a generally reliable pulse, though might rush or slow down occasionally. 🎸 Style: Produces an acceptable tone. Plays basic notes with limited stylistic nuance.
Grade D: The Rough Cut 🔪	Some	🎵 Notes & Rhythm: Struggles with notes and rhythms. Stops and starts frequently because of getting lost. 🥁 The Beat: Finds it hard to keep a steady beat. Relies heavily on peers to find the correct place. 🎸 Style: Produces a weak or breathy tone. Shows minimal variation in dynamics or articulation.
Grade E: The Scratch Take 📺	Attempted	🎵 Notes & Rhythm: Plays only small fragments of the music. Cannot follow the notation structure. 🥁 The Beat: Cannot keep a beat or stay in time with the class. 🎸 Style: Shows no control over tone production or stylistic delivery.
