

Welcome to Year 9 CSI

August 17th 2026

Ms Meha

Essential Agreement

Essential Agreement for Computer Science Class

- **Respect:** Treat classmates, teachers, and all individuals with respect both in person and online.
- **Integrity:** Uphold academic honesty. Avoid plagiarism and cheating. Complete your own work and give credit to others where due.
- **Participation:** Actively participate in class discussions, group work, and activities. Engage fully in both individual and collaborative projects.
- **Punctuality:** Submit assignments on time and arrive to class punctually. Manage your time efficiently to balance deadlines and workload.
- **Responsibility:** Take ownership of your learning. Stay organized, follow instructions, and reach out for help when needed.
- **Collaboration:** Work effectively with peers. Share knowledge, help others, and contribute to group work equally.
- **Innovation:** Embrace creativity and problem-solving. Experiment with new ideas and learn from mistakes.
- **Safety:** Follow all safety guidelines for using equipment, software, and online resources. Protect your personal data and respect the privacy of others.
- **Digital Citizenship:** Use the internet responsibly. Avoid inappropriate content and be mindful of your digital footprint.
- **Growth Mindset:** Stay open to feedback and challenges. Be willing to continuously learn and improve your skills.

Topics

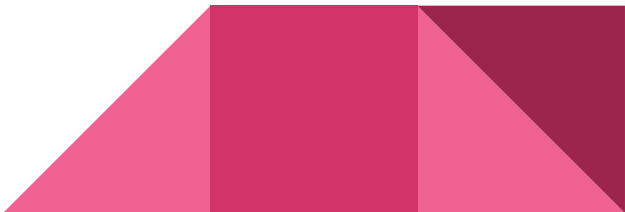

Term 1

1. **Algorithm and Flowcharts**
2. **Python Programming**

Term 2

3. **Spreadsheets and Algorithmic Thinking**

Term 3

4. **Databases**
 5. **Computer Networks**
-
