ST JOSEPH'S INSTITUTION
INTERNATIONAL SCHOOL MALAYSIA
(TROPICANA PJ CAMPUS)

Common Assessment Template
Year 9 - Term 1 CA2 2026

Date of Assessment: Tuesday 3/11/2026

Description of assessment
40 Minutes, 33 Marks
Calculator
Skills/Long answer/Short answer

Focus of assessment:
Number and Algebra

Skills being assessed:
Chapter 3: Decimals, percentages and rounding
Chapter 4: Equations and inequalities
Chapter 5: Angles
Chapter 6: Statistical Investigations

As mathematics is a hierarchically evolving subject, students are likely to encounter skills from previous studies in maths within their assessment. So students are encouraged to address any previously identified gaps in their knowledge as part of their assessment preparation.

Suggested Revision Approaches:

- End of Chapter review from textbooks/Apply sections from Independent Workbooks
- Reflect on notes from lessons in exercise books- possibly make revision notes/flash cards from these
- Dr Frost Maths- address skills as well as the video tutorials
- Corbett Maths- exam style questions with supporting videos
- MyiMaths- for focus on skills
- PapaCambridge- for past papers

- Mathspad - There are video explanations together with the task related to the topic you would like to revise.
